

**The Grenada Association of Retired Persons (GARP)** provides engagement and support for mature citizens 50 years of age and over. The mission is to offer learning opportunities, social activities, fun events, and valuable benefits to its members in Grenada. GARP is a registered organization established in July 2010, and is a self-funded, non-profit organization. It is an exciting team of fun and vibrant people who get together regularly to help others in need.

GARP is eager to attract those many retirees who are no longer in the work force but are fully capable of sharing their life skills and knowledge with others. This is a very beneficial and sought-after service for seniors in Grenada. Rather than vanishing into the woodwork after retirement, seniors continue to feel a sense of self worth while promoting a sense of belonging, a sense of pride of their accomplishments, and hope for the future. The overall focus is to help seniors embrace retirement, keep active, and enjoy this next phase of life with vigor, validation and purpose.

The main objectives of GARP are:

To enhance the quality of the lives of mature citizens in Grenada

To publicly support initiatives on behalf of its members

To provide a facility for socializing and learning new skills

To help members share their life skills with those in need

To contribute toward reducing daily living costs for members through a discount shopping card sponsored by participating local vendors.

The Grenada Association of Retired Persons is linked to other retirement organizations in various counties creating an international bond engaged in supporting seniors. The GARP Welcome Centre is located on Kirani James Boulevard (beside Foodland), St. Georges, Grenada.

For more information about membership with this dynamic group, please contact Carol Vaquez by phone at **473-435-9857**, by email at [garp.grenada@gmail.com](mailto:garp.grenada@gmail.com) or visit the GARP website at <http://www.garpgrenada.com>
